

## Saw blade "precision cut wood - professional", 160x20 Z42 WZ 15° (628072000)

Order no. 628072000

EAN 4007430176394

Product may differ from Image

- Very wide range of uses in wood processing
- For very good, clean cut results for longitudinal or cross-cuts in softwood and hardwood
- Perfectly suited for hard wood and plywood, untreated chipboards, coated or veneered, MDF, composite materials
- High power consumption so the saw must have a high performance motor
- Particularly long tool life thanks to best carbide quality and finely-ground teeth
- Precise, low-noise and vibration-minimised cuts thanks to lasered expansion slots (and partially laser ornaments) as well as lasered steel blades made from sintered steel

## Technical data

### Characteristics

|                                 |                                                            |
|---------------------------------|------------------------------------------------------------|
| Diameter x cutting width x bore | 160 x 2.2 x 20 mm                                          |
| Material                        | HW/CT                                                      |
| Number of teeth                 | 42                                                         |
| Tooth shape                     | WZ                                                         |
| Steel blade thickness           | 1.4 mm                                                     |
| Rake angle                      | 15°                                                        |
| Suitable for                    | KS 54 / KSE 55 Plus / KSE 55 Vario Plus / KS 55 / KS 55 FS |
| Packaging                       | Cardboard box                                              |
