Order no. 690940000

EAN 4007430302533

Product may differ from image

- System solution for comfortable sanding of primed surfaces on walls or ceilings with effective extraction
- Long-neck sander LSV 5-225 Comfort: optimum balance when working, as the centre of gravity of the machine is not at the head. Extraction through the housing without hose for maximum flexibility of the sanding head. With variable length adjustment: can be shortened or extended quickly and easily for narrow rooms or high ceiling rooms. Optional LED light.
- All-purpose Vacuum Cleaner ASR 35 M ACP for extraction from power tools in continuous operation on construction sites and in the workshop. AutoCleanPlus: saves both costs and time thanks to automatic MPulse filter cleaning during continuous use. If the optimum suction performance falls below a certain level, the filters are shaken immediately. Especially suited for extracting concrete and rock dust. High user safety: certified in accordance with EU standard for dust class M
