PROFESSIONAL POWER TOOL SOLUTIONS

# PRESS RELEASE

## Metabo Introduces 2019/2020 North America Catalog

Metabo Power Tools and Accessories

**June 12, 2019 – West Chester, PA** – Metabo Corporation, a leading international manufacturer of professional grade cordless and corded hand-held power tools and accessories, launched its updated 2019/2020 Power Tools and Accessories Catalog.

The new catalog features detailed specifications for metalworking, cordless, concrete & masonry dustless solutions, woodworking tools, and accessories as well as specialty and problem solver tools.

Throughout the catalog, the key features and benefits of Metabo tools are highlighted, and more tool feature icons have been added to make it easier for tool comparison at a glance. Metabo has also added product walk-arounds to category introduction pages and increased product explanations to help make the catalog more user-friendly. They have also introduced category coding to the abrasives and carbide section to aid in the selection of tool accessories.

The catalog's flow was also reorganized to place the cordless section up front and a focal point of the catalog. The updated 2019/2020 catalog includes new products such as 12V line of drill/drivers, hammer drill/drivers, impact wrenches, caulking guns, USB charger, and battery packs. There are many new tools and accessories throughout the catalog in various categories like the metal cutting circular and a full new line of large combination hammers, flapper discs and speed-flex ceramic wheels to name a few.

**FOR IMMEDIATE RELEASE**

And, as always Metabo is on the cutting edge of innovative products, safety and dustless solutions, their full range of concrete and masonry dustless solutions is highlighted. They offer the most advanced integrated dustless system for handheld power tools available, protecting users from harmful debris commonly generated in surface grinding and drilling applications.
