Product may differ from Image

- Fleece filter bags are better and easy to open out than paper ones
- Well suited for applications where small amounts of fine dust are generated (e.g. grinding and removal of paint and lacquer coatings or short drilling jobs with small diameters)
- Ideal for use with wood processing machines, such as routers, planer thicknessers, small random orbital sanders and orbital sanders etc.
- Improved mechanical stability
- Suitable for all all-purpose and special suction units with a maximum container volume of 25 litres
