Representative picture

- Flat cordless random orbital sander with ergonomic design and low weight for fatigue-free work
- Sander is comfortable to use and stays close to the work surface thanks to its low overall height
- Low-vibration working thanks to smooth running operation
- Grip area with non-slip surface
- Soft start minimizes surface errors when placing
- Unique brushless motor for the best possible efficiency when grinding, even in continuous mode
- Infinite speed regulation for working at customized speeds to suit various application materials.
- Sanding pad with multiple holes for effective extraction and a longer service life of the sanding media
- With easy to empty textile dust bag for working without extraction facilities
- Can be connected to an all-purpose vacuum cleaner using connection sleeve 630798000
- Motor and disc brake allows the machine to be shut down quickly
- Removable protector safeguards adjacent surfaces and increases the service life of the grinding disc
- With attachment point for tool safety belt for working at heights
- With metaBOX, the smart solution for transportation and storage
