

MHEV 5 BL (600769620) Chipping Hammer Plastic Carry Case

Order no. 600769620
EAN 4061792002715

Representative picture

- Good demolition performance thanks to maintenance-free brushless motor and high-performance hammer action
- Long service life thanks to brushless technology and robust cast aluminum housing for drive unit and motor
- Metabo VibraTech (MVT) with double damping: decoupled handle and impact-absorbing oscillating weight reduce active vibrations for safe work, even with long-term use.
- Ergonomically shaped, slim handle with large speed control trigger for comfortable work
- Easy to reach locking switch for chiseling in continuous mode
- Optional impact energy reduction for working in soft materials
- Vario-Tacho-Constamatic (VTC)-Full Wave Electronics for working at customised impact rates to suit the application material remain almost constant, even under load
- Electronic soft start for smooth start-up
- Restart protection: prevents unintentional start-up after power supply interruption
- Overload protection: protects the motor from overheating
- Low-dust chiseling with external ESA max dust extraction (accessories)
- The adjustable front handle can be rotated 360° and the angle adjusted for an optimum working position

Technical values

Parameters

Max. single blow energy (EPTA)	8.7 J
Amps	11.3 AMPS
Maximum impact rate	2900 BPM
Rated input power	1150 W
Bit retainer	SDS-max
Weight (without power cable)	17.4 kg
Cable length	236 7/32 ft

Vibration

Chiseling	9.6 m/s ²
Uncertainty of measurement K	1.5 m/s ²

Noise emission

Sound pressure level	93 dB(A)
Sound power level (LwA)	104 dB(A)
Uncertainty of measurement K	3 dB(A)

Scope of delivery

Side Handle
 Front handle
 Lubricant for tool shank end
 Duster
 Plastic carrying case
