Representative picture

- Extremely flat gear head permits working at acute angles down to 43°
- Compact design for quick removal of welding slag, rust or paint in tight places e.g. frame constructions
- Low-fatigue working even at weld seams during out-of-position welding thanks to slim handle
- Paddle switch with dead-man function: safe to operate due to an ergonomically integrated non-slip switch
- Robust motor for long service life
- Tool-free adjustable guard; twist-proof
- Battery pack can be swiveled for better working in hard to reach places.
- Detachable dust filter protects motor from coarse particles
- Overload protection: protects the motor from overheating
- Electronic soft start for smooth start-up
- Restart protection: prevents unintentional start-up after battery replacement
- Ultra-M Technology: highest power, gentle charging, and 3 year warranty on the battery pack
- Battery packs with capacity display for checking the charge status
