

Fleece compact grinding disc "Unitized ", coarse, 5 x 1/4 x 7/8", WS (626482000)

Order no. 626482000

EAN 4007430242709

Representative picture

- Several layers of pressed fleece material, soaked with resin-bonded abrasive grain (zirconia alumina)
- The addition of abrasive grain covers jobs from deburring to soft and flexible finishing jobs. It is suited for deburring, smoothing of weld seams, precise cleaning and finishing of surfaces.
- For alloy and high-alloy steels, colored and light metals, chrome and nickel steels, titanium, steels
- Profiling of the grinding media possible for precise working. Minimal processing depth required.
- Bore 22.23 mm (for angle grinder)
- Max. 10,000 / min; recommended speed: 3,000 / min
